

Attention all Matriculants.

Please take note of the following:

- ☀ Attached please find a copy of the **FINAL Matric Examination Timetable (FET)**. We have been advised by the IEB that no additional changes will be made to this timetable.
- ☀ We have been informed that final results will be released by the schools on the 30 December, 2010.
- ☀ The extensive Winter School programme held over the FIFA World Cup Break, was most productive and successful! Attendance was excellent and those candidates who came to the workshops prepared certainly gleaned an enormous amount from these.
- ☀ **Preliminary Examinations** will commence on Thursday 23 July. These are very important examinations as they afford matriculants the opportunity to assess the understanding of curriculum work in all subjects and thereafter fine-tune their needs so that optimum results may be achieved in the Finals.
- ☀ Please be aware that for the Preliminary Examinations, we expect all matriculants to be outside the examination venue 15 minutes before the reading time.
- ☀ In order to assist our candidates in their revision programme, Wednesday 22 July has been granted as a study day; however, all staff will be at school in order to assist matriculants should they require it.

We extend our warm wishes to the matriculants and know that they will do us and them proud in these Preliminary examinations.

Regards

Mrs Daniela Pitt

Director: Academics
